**20+ YEARS OF EXPERIENCE**

## **OUR STORY**

Originating from humble beginnings, our journey has brought us to our current position. Established in 2005, MULTILINE FX® commenced its venture as a fireworks company, now incorporated into PT. Multi Lintang FXIndo, the premier in stage effects and pyrotechnics nationwide. MULTILINE FX® products have secured their spot in the technical riders of the most renowned DJs and are a fixture at major concerts and music festivals across the nation.

MULTILINE FX® stands as an adept supplier of professional fireworks and special effects, catering to a diverse range of events, encompassing concerts, clubs, and private gatherings. Headquartered in Jakarta, Indonesia, our dedicated team relentlessly pursues excellence in both products and services, day in and day out.

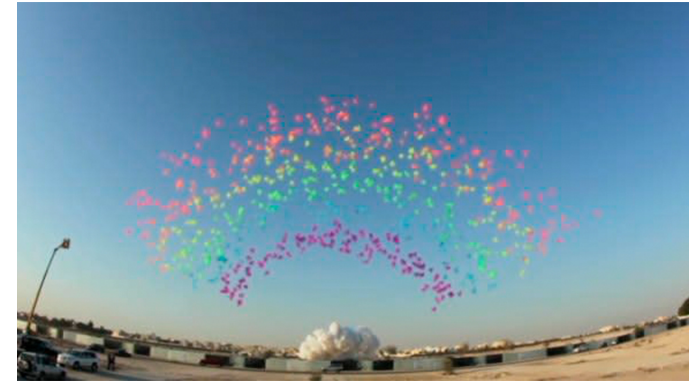

## PAINTING THE SKY WITH FIRE

Since 2005, we have been crafting stunning displays that light up the sky, bringing brilliance and amazement to the night.

With extensive experience, we curate awe-inspiring shows that commemorate a range of occasions, from weddings to corporate gatherings.

Over almost twenty years, we've remained the reliable option for those desiring to enhance their events with the enchantment of expertly coordinated fireworks.

# **DAYTIME FIREWORKS: WHERE LIGHTS MEET THE SUN!**

Daytime fireworks are a dazzling spectacle that turns the ordinary into the extraordinary. Unlike traditional fireworks that light up the night sky, these innovative displays harness the power of the sun to create a mesmerizing show of colors and patterns in broad daylight. Imagine vibrant bursts of light, cascading showers of brilliance, and vivid explosions of joy, all under the warm embrace of the sun. Daytime fireworks redefine the boundaries of celebration, bringing a new dimension to weddings, festivals, and special events. Illuminate your day with the magic of daytime fireworks and make your moments unforgettable!

## ILLUMINATING EMOTIONS, IGNITING SPECTACLE

Pyrotechnics involves the artistic and scientific creation of captivating visual and auditory displays using controlled fire and explosive materials.

It includes a variety of stunning effects, from fireworks illuminating the night sky to fiery movie explosions.

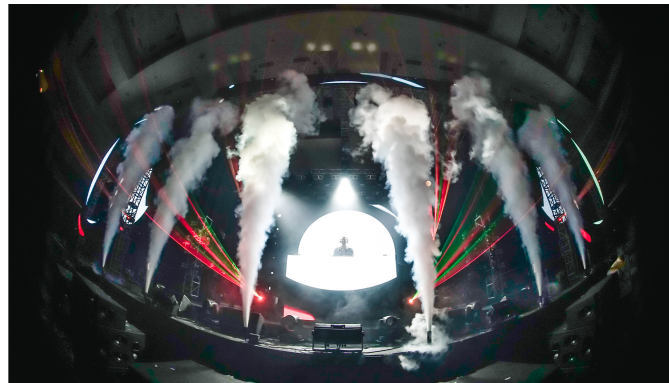

Pyrotechnics serves various purposes, from enhancing celebrations and entertainment to contributing to scientific research, captivating audiences worldwide.

# TURN UP THE HEAT

Experience professional-grade fire and flame machines, a gas-powered flame unit, producing towering flames that reach a remarkable height.

## OUR PRODUCT: CO2 & SMOKE FX

## UNLEASH CO2, CAPTIVATE MINDS!

These CO2 effects are widely employed in prominent clubs and music festivals. Thanks to the incorporated powerful LEDs, you can even tint the smoke with color.

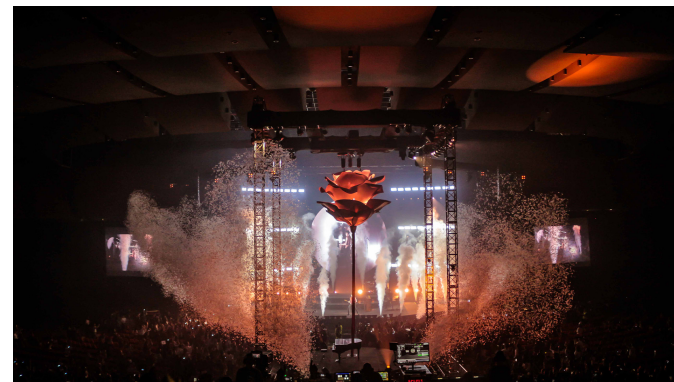

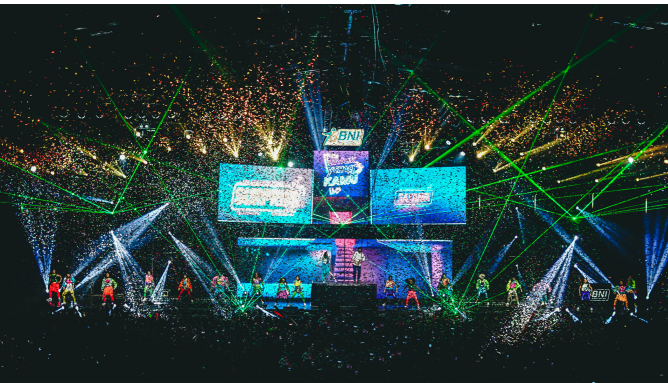

## BREATHTAKING IMAGES CAPTURING OF STREAMERS.

Discover a wide array of streamer cannons, blowers, and blasters in our collection, designed to inject a surge of excitement through your event. Whether you're seeking effortless plug-and-play functionality or the meticulous control of DMX systems, our equipment suits every kind of occasion – from cozy indoor get-togethers to expansive outdoor festivals.

OUR PRODUCT: CONFETTI FX

# CELEBRATE IN A SHOWER OF JOY

– From intimate indoor gatherings to grand outdoor festivals.

# ELEVATE THE PLAYFUL SPIRITS

Blows bubbles filled with swirling smoke, complete with an integrated fog generator, releases an impressive 6,000 bubbles every minute. Capture the audience's awe and craft enchanting instances that linger in memory.

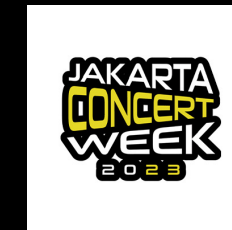

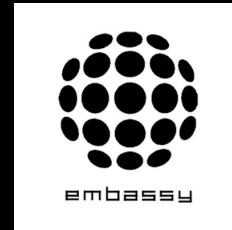

# CRAFT A WONDERLAND OF WINTER MAGIC

Craft the enchanting ambiance of a wintery wonderland using our expert Snow & Foam machines. These machines disperse remarkably lifelike snowflakes, produced using a unique foam-based snow fluid. The snow is biodegradable, not sticky or slippery and dissolves on the ground. Simply load the machine with a Snow & Foam fluid canister and let the snowfall begin!
